Dear Friends of St. Jude,

I'm so grateful for your gift of \$25,000 in November 2018 to St. Jude Children's Research Hospital. Gifts like yours support the lifesaving mission of St. Jude and touch the lives of so many children . . . children like 8-year-old Liliana.

Liliana loves arts and crafts, dancing and watching movies. When she began to develop large bruises in odd places, her mom made an appointment with their local pediatrician. Results from blood tests came back and revealed that Liliana had a rare blood disorder that prevented her bone marrow from producing enough blood cells. She needed drastic medical intervention to save her life, and she and her family were referred to St. Jude right away.

At St. Jude, Liliana received chemotherapy and a bone marrow transplant. Thankfully, because of the generosity of friends like you, her family will never receive a bill from St. Jude for anything -- not for treatment, travel, housing or food -- because we believe all a family should worry about is helping their child live.

Liliana's family is so grateful for the support of friends like you. Her mom said, "I'd heard of St. Jude and I'd heard it was a wonderful hospital, but I never realized how much they do for people, and it's just been incredible. So, we've loved it here. It's home away from home."

Thank you for being such a devoted friend to St. Jude kids like Liliana.

Very truly yours,
